MEMORANDUM FOR: The Acting Director  
FROM: Dave Gries *DL*  
SUBJECT: Weekly Report

*100-15*

Hill Security

In its recently-issued annual report which I am sending to you separately, HPSCI comes down hard on the need to improve Hill security. House Foreign Affairs has introduced language to require technical monitoring during all closed sessions of the Committee [redacted]

[redacted] We hope to schedule short security presentations during the meetings of the Republican and Democratic caucuses, and we are working with HPSCI and the SSCI to set up security presentations for key Hill staff--both personal and Committee.

National Intelligence Strategy:

[redacted] and I have an appointment with SSCI staffers on 21 January to discuss the National Intelligence Strategy.

"LEGI-SLATE"

OCA has contracted with a computer services company which provides information on a wide variety of congressional and legislative matters. We have access to the full text of all legislation introduced, a legislative tracking system, committee schedules, as well as a capability to analyze voting patterns and member voting records. I have informed the Deputy Directors, General Counsel and Comptroller that we have this resource as well as the particular subject areas we are following on their behalf. By the way, since the company (called "LEGI-SLATE") is a wholly-owned subsidiary of the Washington Post Co., it is now fair to say that OCA has the Post on its payroll. However, we are still some distance from editorial control.
